What the numbers say

Zero bookings for ₹1,788. 05oct26 took almost all the spend (₹1,749) and booked nothing; its link click rate was 0.4%.

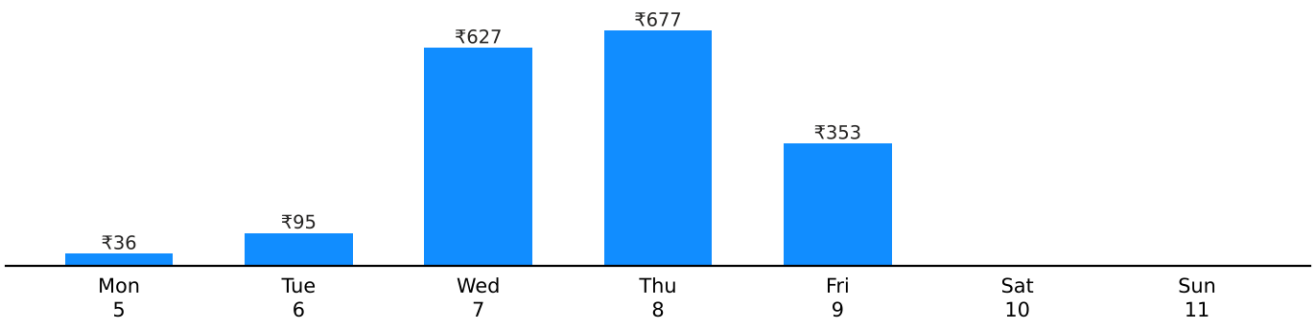

Ads were shown too often to too few people. Each person saw the ads 3.4 times on average and reach fell to 1,818. That pattern usually means a small, tired audience.

Delivery stopped on 9 Oct. No spend on 10–11 Oct. If this was intended, nothing to do; if not, check budgets and billing.

This week's actions

1. Relaunch with 08Sep26's video and audience, the last setup that booked at a low cost.
2. Widen the audience before relaunching so frequency stays under 2.
3. Decide the plan for the second half of October so the account isn't left idle.
