What the numbers say

Cost per booking above target. Each booking cost ₹776, above the ₹500 target and the ₹325 of 08Sep26. It is the campaign's first week, so judge it gently.

Frequency is high. People saw the ads 2.98 times on average (reach 6,563). Above 2.5 in week one is a warning sign of the audience tiring.

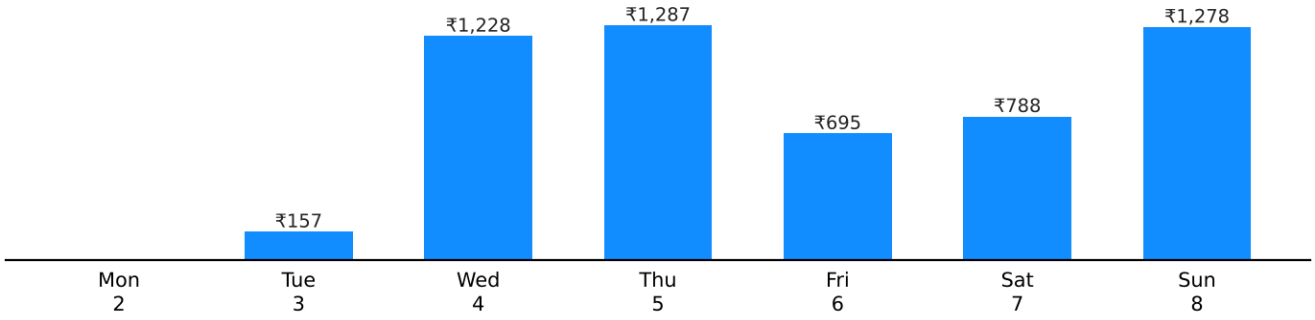

Strong lead flow. The campaign brought 27 leads at ₹201 each, and 234 link clicks at a 1.20% click rate.

Slow start. Spend was ₹0 on Monday 2 Nov and only ₹157 on Tuesday, so 6 of 7 days ran. The campaign was created on 3 Nov, which explains it.

This week's actions

1. Leave the campaign unchanged for another 7 days so it can finish learning, then compare cost per booking against this week's ₹776.
2. Watch frequency (2.98 now); if it stays above 2.5, add a fresh video or widen the audience.
3. Check why 27 leads became only 7 bookings, and speed up follow-up on new leads.
